Dems Feb 1st: This memo endangers national security, sources and methods. Its release will harm America!

Dems Feb 2nd: Is that it? The memo's a dud, it doesn't even say anything.

Imagine if Republicans had conspired with the Bush administration & FBI to sabotage Obama by spying on & smearing him as a Russian agent based on a fake dossier written by a foreign spy who hated Obama & wanted to stop him becoming president.

How would Dems react?

Adam Schiff's week long fearmongering about the memo endangering national security, sources or methods has been proven to be a complete lie.

There's literally nothing in there that does that.

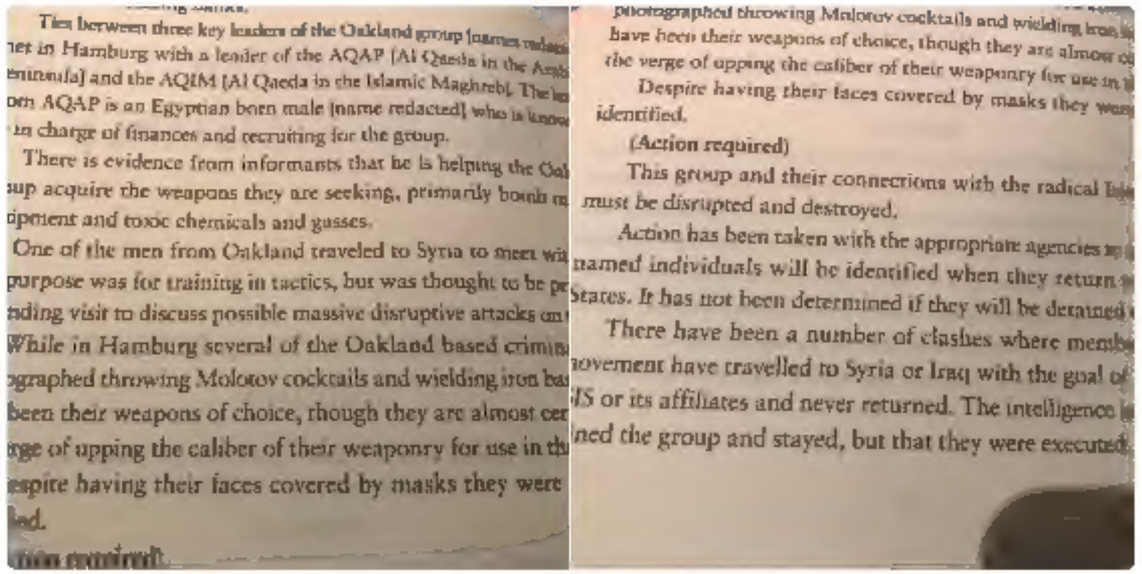
Antifa radicals are meeting with ISIS.

This is directly from an FBI field report.



Ties between three key leaders of the Oakland group [names redacted] net in Hamburg with a leader of the AQAP [Al Qaeda in the Arab Peninsula] and the AQIM [Al Qaeda in the Islamic Maghreb]. The leader of AQAP is an Egyptian born male [name redacted] who is known to be in charge of finances and recruiting for the group.

There is evidence from informants that he is helping the Oakland group acquire the weapons they are seeking, primarily bomb making equipment and toxic chemicals and gasses.

One of the men from Oakland traveled to Syria to meet with [redacted]. His purpose was for training in tactics, but was thought to be preparing for a pending visit to discuss possible massive disruptive attacks on [redacted].

While in Hamburg several of the Oakland based criminals were photographed throwing Molotov cocktails and wielding iron bars which have been their weapons of choice, though they are almost certainly on the verge of upping the caliber of their weaponry for use in the future.

Despite having their faces covered by masks they were identified.

(Action required)

This group and their connections with the radical Islamic movement must be disrupted and destroyed.

Action has been taken with the appropriate agencies to ensure the named individuals will be identified when they return to the United States. It has not been determined if they will be detained upon their return.

There have been a number of clashes where members of the Oakland movement have travelled to Syria or Iraq with the goal of joining ISIS or its affiliates and never returned. The intelligence indicates that joined the group and stayed, but that they were executed.

This wonderful and, very exciting. I sincerely hope this continues and escalates. This type of evidence will enable the US to designate Antifa as a Domestic Terrorist Organization and deal with them accordingly.

Ramming a vehicle into 19 people is a totally normal response to being a drug user and being a bit sad, especially if you're from Afghanistan.

Why are we importing a belief system that mistreats animals? How does this enrich our culture?

I know most of you lefties don't care about people, maybe you care about dogs? Worth a try.

Did Woke Twitter figure it out yet?

Support Black Panther by going to see it?

Or is the mere presence of white people in the cinema a racist hate crime?

This question must be answered.

The Florida gunman, Nicolas de Jesus Cruz, looks like every other nihilistic piece of shit school shooter you've ever seen.

Our society creates monsters, but evil also just exists and has no rational explanation.

Spoke to Florida school shooter survivor who follows me on here. Said his brother knew the gunman. Said gunman was a nihilistic loser who was always "disgruntled," obsessed with hunting. Wanted to join the military.

A) Trump tweeted twice about shooting yesterday.

B) At no point did he blame the victims.

The source for the media's phoney claim that the Florida shooter was a member of a "white supremacist" group is now saying Elvis was also a member.

Could it be that the media rushed to publish this fake news story as part of a broader effort to demonize conservatives?

In the space of one week, the media fawned all over the North Korean dictatorship then created a fake news story around a school shooting which was used to demonize conservatives.

And they wonder why people don't trust them.

It may show I don't follow you but when I look, it's clicked "follow." But my page says I follow 9 people. Apparently I unfollowed 13k ppl in my sleep. Neat trick.

Eric Matheny @Er cMMatheny · 7

That happened too. It'll come back. I regained all I was following, down about 1000 followers, but people are on the same page and following back quickly. We'll be back in business in a few hours.

Interesting how the media spent about one tenth the amount of coverage on Sutherland Springs compared to Parkland, despite the Sutherland Springs shooting claiming more lives.

The Sutherland Springs shooting was stopped by a man with a gun.

Some kind of connection here? 🤔

Seth Rich's dad says Brad Baumann was assigned to them by the DNC and he has no idea why.

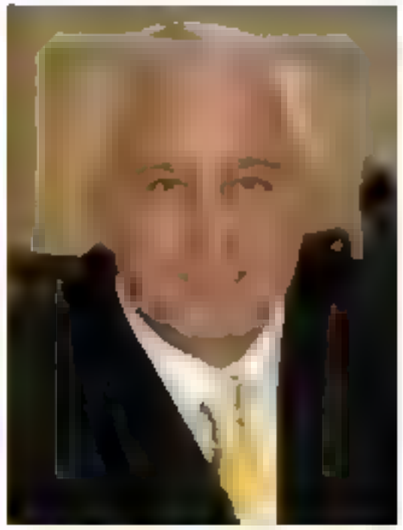
"The third time I talked to Mr. [Joe] Rich (Seth's father), he said, 'Ed, there is a guy named Burkman who keeps saying he represents us. I am going to give you his phone number. Please tell him to stop doing that. We have a man who was assigned to us by the DNC," Butowsky explained to WND

According to Butowsky, Joe Rich added. "We were assigned a guy named Brad Bauman. I don't know why we were assigned him. I have no idea why I need somebody to speak for me, but please tell Burkman, because he is not listening to me, to go away and stop acting like he speaks for us."

"Joe Rich's exact words were 'the DNC assigned [Bauman] to us," Butowsky said.

Butowsky said has never spoken to Burkman, "but all I know is that Mr. Rich didn't like him, that he wouldn't listen and kept making up stuff."

How many people do YOU know who have died mysteriously? Not as many as the Clintons! Check out WND's explosive report, "'Clinton death list': 33 spine-tingling cases."



Ed Butowsky, a wealth management and financial advisor

In an interview with WND on May 16, Bauman explained that he was put in touch with Rich's family by two of Rich's friends – both of whom worked for the DNC – and that the family requested help because they had more media requests than they could handle.

This guy's had a great week.

- Calls the survivor and hero of a school shooting a liar.

The National Review is the very embodiment of loser boomer conservatism - content with failing over and over again so long as they can feign the moral high ground. Its days are over.

Also, who on earth is Mona Charen anyway? No one cares.

When you make up the term "fake news" to discredit your opposition but the term describes you so perfectly everyone starts calling you "fake news" so you try to get the term banned and labeled as hate speech.

Children (some of these are as young as 4) should not be exposed to any kind of sexuality in primary school. This is social engineering. It's insidious, demented and wrong.

"Being fat as an adult is linked to 13 different types of cancer."

Then why is our culture telling everyone they are "healthy at any size"?

Social justice is literally killing people.

The Parkland students are now public figures and activists for gun control.

No problem, they have that right.

However, YouTube is declaring all criticism of their arguments as "bullying" and "harassment" as an excuse to purge non-corporate channels.

This is insidious.

CNN is openly lobbying to have a competing news network banned.

In Russia, the government shuts down dissident media outlets. In America, CNN apparently thinks that's its responsibility.

David, you are a public figure & activist and have a right to your views

We also have a right to criticize your views on gun control without being banned & defamed by CNN & others.

Whether you realize it or not, this is now a massive 1st amendment issue with huge ramifications.

Nobody can reasonably deny that the left are the new authoritarians.

I grew up in the time when the right was constantly trying to ban and censor offensive comedy, speech, literature and music.

How times have changed.

This is key. As is an Internet Bill of Rights.

If YouTube isn't being politically neutral, it should lose legal immunity for user content under Section 230 of the Communications Decency Act.

breitbart com/tech/2018/03/0 ...

> At a Senate hearing last month Sen Ted Cruz alled t YouTube s alleged ideological bias, high ghting P ager U ver s t s essu against the company over censorship of conservatives. Cruz told a YouTube representative that if the platform did not remain politically neutral they could lose legal immunity for user content under Section 230 of the Communications Decency Act Without this protection social media companies would be legally liable for all content posted on their platforms an existential threat to their business model

Gentle reminder....

For the last 2 weeks, the legacy media has been openly lobbying for the restriction of the 1st and 2nd Amendments, the very bedrock of what made America the greatest country in the world.

And they wonder why they are hated.

When it's a firmly established legal precedent (it already is, but this will bolster it) that you can't discriminate against someone because they're white/Asian, will the far-left still claim it's "impossible to be racist against white people"?

Really? I wonder why? Could it be because Geller has received multiple death threats from Islamic terrorists, whom you have now exposed her daughters to?

By failing to remain politically neutral, YouTube (Google) is in violation of the Communications Decency Act.

This removes their immunity & makes them legally responsible for user content.

We must lobby lawmakers to pressure them on this relentlessly.

Fo ow

CNN is now chasing down advertisers it found on our videos.

We're 90% demonetized anyway, it doesn't even matter.

But this again shows how a news network is lobbying to shut down its competition.

CNN is obsessed with us and it's kind of pathetic.

By failing to remain politically neutral, YouTube (Google) is in violation of the Communications Decency Act.

This removes their immunity & makes them legally responsible for user content.

We must lobby lawmakers to pressure them on this relentlessly.

CNN is now chasing down advertisers it found on our videos.

We're 90% demonetized anyway, it doesn't even matter.

But this again shows how a news network is lobbying to shut down its competition.

CNN is obsessed with us and it's kind of pathetic.

This is insidious.

CNN is openly lobbying to have a competing news network banned.

In Russia, the government shuts down dissident media outlets. In America, CNN apparently thinks that's its responsibility.

Compare this to my demographics, where the biggest groups are 18-24 and 25-34.

How much attention will feminists give this on #InternationalWomensDay 🔑?

Virtually none, because 3rd wave feminism is about obtaining political & cultural power, not defending actual women's rights.

If you think Breitbart is "alt right," you don't know what the alt right is.

This is a basic but flagrant factual error. It's a bold faced lie, but the New York Times just casually drops it in with no qualms whatsoever.

> Only months ago, Mr. Bannon was forced out of the White House and Breitbart News, the alt-right news empire he helped make into a political force, for the sharp criticisms of President Trump's children attributed to him in a book. "He's lost his mind," Mr. Trump said at the time.
>
> But now Mr. Bannon, the architect of Mr. Trump's populist campaign message and the president's former chief strategist, has returned with an international mission.

So are we now to assume that the UK has a kind of reverse Muslim ban?

Anyone critical of the belief system of Islam (which is not a race) is now barred from entering the country?

Questions in Parliament need to be asked about this. Truly shocking.

Imagine being so stupid that you spend all day every day crying about socialism and insulting "lefties" that you use the cover of Pink Floyd's "Animals" a concept album that mocks and criticizes capitalism as your Twitter backdrop #TheRightAintSoBright [illegible]

During conviction of Count Dankula (for a satirical YouTube video), it was reportedly mentioned that the UK is a "multi-cultural" society.

Apparently, you can't have multi-culturalism and free speech at the same time.

So, is there a corresponding definition for 'Masculinist'?
And funny how 'Masculinism' just doesn't seem to exist

Technically I didn't sleep with the POTUS 12 years ago. There was no sleeping (hehe) and he was just a goofy reality TV star. But I digress. People DO care that he lied about it, had me bullied, broke laws to cover it up, etc. And PS I am NOT going anywhere. xoxoxo

Serious gun control restrictions have virtually no chance of passing.

The #MarcnForOurLives✊✊✊✊ was a giant recruitment drive for Democratic voters.

Thinking the primary purpose was "ending gun violence" is naive and has no basis in reality.

Gun control is as toxic an issue as Hillary Clinton was to the Democratic Party.

The thought that Dems could enact gun confiscation may get Republicans out voting in significant numbers.

If anything, we should be amplifying calls to repeal the Second Amendment.

Police investigating a controversial theatre production which depicts Jesus as homosexual have said they will be taking no further action at the moment.

The production has provoked strong criticism

Christian Voice has labelled Corpus Christi, now playing in St Andrews, a 'hate-filled mockery".

A member of the prayer group lodged a complaint of blasphemy with Fife police after walking out of the play on its opening night on Thursday.

Let them preach gun control. It will backfire massively. Don't interrupt the enemy when they're making a mistake.

Gun control is a losing political issue. Please keep marching. #MarchForOurLives

> Democrats have run scared from the NRA since 1994, when the president Carville helped elect, Bill Clinton, championed a successful ban on assault weapons – and then, eight weeks later, saw his party lose 54 seats in the House and eight in the Senate in a Republican mid-term sweep. "The fight for the assault weapons ban cost 20 members their seats in Congress," Clinton famously said afterward. "The NRA is the reason the Republicans control the House." As former Clinton aide Ronald Klain notes at *The Washington Post*, this was a politically convenient thing for Clinton to say, since the real reason Democrats lost so badly was *him*. Clinton's first two years in office had been chaotic and ineffectual on a history-making scale. The economy was lousy, taxes had been raised, and Clinton's stab at health care reform had been an unqualified disaster. Among the "20 members" Clinton referred to who lost because of gun control – House members outside of coastal and urban districts most had *opposed* the assault weapons ban. They weren't being punished for supporting gun control; they were being punished for being members of Clinton's party.

In fact, her dream is perfectly normal for her generation: one in three children between the ages of 11 and 16 have uploaded a video to YouTube. The research also revealed that many of the children would rather learn video-editing than history or maths.

With all the stuff happening with Dankula I wondered if you'd have time to use your resources to see if this was an isolated incident or if state fascism is in full force. If he had a political or religious motive for the bombings, then he's a terrorist. This applies regardless of skin color.

We don't yet know his motive.

What could possibly go wrong?

Record-wide from the third world became Swedish citizens

Published March 21 2018 at 10 14

DOMESTIC **By 2017, approximately 69,000 people from more than 160 countries were granted new Swedish citizenship, which is an increase of 14 percent compared with the previous record entry from 2016. A large part of the increase can be explained by recent years of major immigration from the Arab world, according to Statistics Sweden.**

Where's Fry when you need him?

It's now very common to hear people say, "I'm rather offended by that," as if that gives them certain rights. It's no more than a whine. It has no meaning, it has no purpose, it has no reason to be respected as a phrase.

"I'm *offended* by that."

Well, so fucking what?

No it isn't. Only an idiot would think that.

Also, by your own admission all races have now been targeted by these bombings, so why are you still suggesting it's "race based"?

If the guy have gone up to him and said, "Hey, I have a real problem with that story you did about so and so", I'd have no issue with it. But to go up to him and be fake friendly, makes the guy the kind of fake that he then accuses Jim of being. It doesn't sit well with me

Last weekend there was a 'women's march' in London.

Can anyone point me to details of this weekend's feminist march against the industrial level abuse of over 1,000 young girls for a period of 40 years+ in Telford?

I can't seem to find it.

Raheem Kassam racially abused, receives death threats from anti-Brexit moron during Eurostar trip.

breitbart com/london/2018/03 . .

He also described his time working for Brexit campaign leader Nigel Farage who also earned a cheer from the conservative eurosceptic crowd and how his connection to Farage once discovered by a loudmouthed, middle-aged, upper middle-class white woman who shared a table with him on the Eurostar from London earlier that same day, cause her to explode that he was a "racist" and a "bigot" and that if she had her gun with her she would "eradicate him on foreign soil" once they arrived in France

The woman had indicated she turned a handsome profit by taking advantage of low-wage EU labour and was unhappy that she would now have to invest in better pay or in automation, and that the "racist rump" of Britain had spoiled things for "intelligent people" like her

She was incensed that Kassam as a "brown man wearing a shirt" could have the audacity to oppose the European Union, or that he should have any objection to uncontrolled mass migration as she could tell he was not English "just by looking at you" (Kassam was born in Hammersmith, London.)

She voiced her support for global free movement, indicating the Columbian employee she was travelling with as her key argument in favour of it a gambit which ended in embarrassment when he was asked what his native country's policy on open borders was and he described how the country's infrastructure is struggling to keep up with an influx of Spanish and Venezuelan migrants

Hey! Teachers! Leave those kids alone.
youtube.com/watch?v=9SR3Gn

[illegible] hours ago

Also I have been massively bullied, and actually been told to go to leave the class by a teacher once for holding more conservative views than your average teen though the teacher was outright dumb She said a fact is something the majority agrees on and I just put up my hand and went you know the majority agreed the earth was once flat right The definition tells that can be proven with evidence Not that the majority agrees on it she glared at me, said not to talk back felt that was a little weird Later when bringing up the wage gap, mentioned that its calculated a certain way and not mentioning the factors that make it up, which really makes the gap itself fairly small if nothing at all this was something she was not pleased with and when my classmates all ganged up on me said 'Look, you can look it up I'm not trying to fight I put it debate it out here out duh I just outright believe everything everyone tells you Go look at both sides and make up your own damn mind' the teacher then said was causing too much distraction to the rest of the kids I only mentioned those 2 things, and put my hand up for both, didn't outright interrupt, and other kids had questions as well and sent me out of the class

How are kids supposed to learn to think for themselves in a class like that? dear lord

Some on the left are baffled that other Trump haters are trying to spin the North Korea news into a negative.

[redacted]

Why does this not have a megathread? This s easily the biggest news of the 2018 so far. Period. Nothing even comes close. m so liberal that I believe in Reparations, but for Pete's sake, liberal bias s freaking everywhere.

Why can't we just admit that this is a good day for the world?

[redacted]

I truly don't understand it either. Is it really that hard to have the slightest bit of hope that Trump does something good with this?

[redacted]

These mods are out of their minds right now.

[redacted]

can't imagine hating someone as much as they do. I'm all for expressing your love or hate for a president, but when you find a way to twist every single thing into something negative, you're just delusional.

Strange how this got no attention on #International WomensDay - it's almost like feminists don't actually care about women's rights when it comes to sharia law.

Sorry, haters.

audience is literally dying.

This is also backed up by my own anecdotal experience. Every day, I receive glowing messages of support from people in their teens and early 20's telling me how I changed their minds and that they are now conservatives or libertarians.

Virtually everyone who recognizes me on the street is also in these same age brackets.

Studies show that Generation Z, people born after 1995, are also likely to be more conservative than any generation since World War II

According to Forbes, "Gen Z is more individualistic, more conservative both socially and fiscally, and they're already making waves of impact on our political system."

Last year, when I quipped that "conservatism is the new counter-culture," the media defensively reacted with a volley of articles asserting that I was wrong.

But when dominant cultural institutions, the academic establishment, Silicon Valley and the legacy media all lean increasingly far left, how could conservatism not be the counter-culture?

You can't be the dominant culture and the counter-culture. This is also reflected in messages I receive from teens in school who tell me that

CNN says the rise of populism is "destabilizing" Europe.

No. The rise of populism came as a result of globalists destabilizing Europe by opening the floodgates to millions of people from a totally different culture.

Populism is the antidote to reckless open border insanity.

> Anti-establishment coalition parties won the most seats in Italy's parliament with about 32% of the vote. The big winner in that group was the anti-immigrant and Islamophobic League, formerly the Northern League, which garnered more votes and overtook Forza Italia as Berlusconi's coalition partner.
>
> The result will be met with alarm by European leaders who feared that Italy will follow Britain's path as anti-establishment parties would spell another major setback for Brussels already struggling to cope with the destabilizing rise of populist and far-right movements in France, Germany and elsewhere.

Let's just forget about the fact 74% of the population lost an average of 19lb of weight in a year.

The Purge: YouTube Mass-Censors Conservatives, New Right, Classical Liberals

My comment to Breitbart.....

breitbart com/tech/2018/03/0 . .

In a comment to Breitbart News, InfoWars Editor-at-Large and YouTube star Paul Joseph Watson said Google s unchecked power and influence over civil discourse required regulation

"Google is a monopoly, and its anti-free speech policies are beginning to erode the sanctity of civil discourse," said Watson "We need some kind of constitutional amendment or mass movement, such as the one against SOPA, in order to re-assert the supremacy of free expression."

"YouTube admitting they made a "mistake" in terminating some accounts and content does offer a glimmer of hope that there are some rational actors within the company."

"However, this speaks to the wider phenomenon of how society has become so coddled and infantilized, that stridently challenging the views of public figures is now being treated as 'bullying and harassment'"

Watson warned that the "fury" caused by mass censorship on social media platforms would only increase the same "hyper-partisan tensions" that the big tech companies claim to oppose

CNN is now directly lobbying YouTube to shut down Infowars & terminate our channel forever.

A news organization is scheming to censor another news organization.

How nervous must CNN be of their narrative being demolished to go to these lengths?

What those initial *Mother Jones* numbers showed, though, was that white people weren't overrepresented among mass shooters. The media outlet had found that roughly 70 percent of the shooters in mass killings were white — certainly a majority. But according to Census Bureau estimates for 2012, whites accounted for 73.9 percent of all Americans. (Keep in mind that the definition of whiteness is both vague and forever changing. In the 2010 census, the "**white**" category includes those whose families originate in Europe, the Middle East, and North Africa. *Mother Jones*, for its part, categorizes one Moroccan immigrant killer as "white," leaves the race field blank for a Turkish immigrant, and describes several shooters of Pakistani, Palestinian, Afghan and Kuwaiti extraction as "other.")

When demographics are accounted for, this is completely erroneous, as (left-wing) Slate has documented.

Mass shootings by white men are about equal to the white population.

Now, I await @SkyNews's discussion of US homicide rates by race.... 🤔

This is why I laugh when people accuse westerners of being racist.

Go to China. Every other TV ad is for skin whitening cream. Their view of anyone with dark skin is stuck in the last century.

Mass shooters are clearly motivated by achieving instant fame. But how can we hide the identity of the killer? It's virtually impossible.

> In 2015 Malco m Gladwel. wrote an extended essay in the *New Yorker* about school shootings and offered a provocative thesis
>
> > What if the way to explain the school shooting epidem c s to think of t as a s ow motion, ever evolving riot n which each new participant s action makes sense in reaction to and in combination with those who came before?
>
> Gladwell argues that each new shooting lowers the threshold for the shooters to come Each new shooting makes it easier for the next shooter to pick up his gun
>
> Others have used the term "contagion" to describe the wave of copycat killers. Again each killing nspires the next, and as the killings increase so does the inspiration

When you're the rape capital of Europe but get outraged over "sexist" street names. Had to be Sweden.

Stockholm gets a new name

Published February 14 2018 at 11 16

DOMESTIC **The Royal Institute of Technology, KTH, has agreed with the politicians in Stockholm to change the name of a street in the university campus area. The street name is considered to be "sexist", writes Hela Stockholm**

Like the article on Facebook

At the end of last year a professor of KTH concluded that the street name of Osquldа was an expression of so-called sexism

Osquldа is a traditional term of female technology in student culture Male technologists are called Osquar instead

"The name originates from a student culture with sexist elements, and is perceived as an expression of abus ve values about women," KTH wrote to the municipality according to Whole Stockholm

Now KTH and the politicians in the city council have agreed to rename the street
